

Instructions to Athletic Directors/Coaches (Non-Tournament Weekday Game Upload)

Greetings,

For the first time ever, we are using an online assignment system for all Texas High School Water Polo Referees to manage games and accounting. As such, every game must be inputted into our assigning system. Because there are some regions that play games during the week in addition to weekend tournaments, this becomes a herculean task. Therefore, to make things easier, you will need to supply us with the games to be played at your home pool for those weekday games. **THIS IS ONLY FOR THOSE WEEKDAY GAMES THAT ARE CONSIDERED TO BE DISTRICT GAMES OR ARE NOT PART OF A LARGER WEEKEND TOURNAMENT.**

To simplify matters, we have created an online form for you to enter the required information we need. It is important that you input every game that is intended to be played! If you only input that a varsity boys game is to be played and you do not enter that a varsity girls game is to be played, referees will not be assigned to the girls' game. The same holds true for junior varsity games. **THEREFORE, PLEASE INPUT EVERY HOME GAME FOR THAT DATE.**

For those areas that do not play District games like in Houston, or if you are playing at a centralized pool (i.e. Carroll ISD Aquatic Center), **THE HOST FOR THAT DAY** is responsible for submitting this information. Please submit this information as soon as possible, but **NO LATER THAN TEN (10) DAYS** before your tournament.

The form may be found under Non-Tournament Weekday Game Upload at our website at <http://www.texaswaterpolo.org/for-coaches-and-hosts/>

Should you have any questions, please feel free to contact your local TAWPO Assignor or myself.
